A 501(c)(3) Organization

To Whom It May Concern:

The Alonso High School Raven Band has been a model of tradition and excellence for Alonso High School, the city of Tampa, and the surrounding community since 2001. Each year, over one hundred-fifty high school students work together to create an outstanding field show, provide support towards our athletic organizations, campus, and community, and create meaningful performances and experiences throughout the year. The Alonso Band prides itself on being the largest student organizations on campus at one of the largest schools in Hillsborough County. Our music education experience is one of the most comprehensive in the District.

While it is our distinct honor and privilege to provide support to both the school and community, we are often in need of some support of our own. Since District-provided funding is minimal, our organization is responsible for raising almost one hundred percent of our operational funds which includes, but is not limited to, transportation, entry fees, instrument repair, music purchases and other daily functions. We even take responsibility for ensuring our students are fed properly on performance days.

In an effort to provide the best possible music education experience, our band welcomes any and all monetary donations from businesses, community members, and supporters of music education. The Alonso High School Band Boosters are a registered non-profit 501(c)(3) organization and can provide you with a receipt for your donation. Your donation is also tax deductible and a tax-exempt form can be provided to you at any time upon request.

On behalf of the Band Booster Organization of Alonso High School and the students of the Raven Band, we would like to thank you for your time and donation. Should you have any questions please feel free to call or email at any time.

Musically Yours,
