ALONSO HIGH SCHOOL BANDS – SPONSORSHIP OPPORTUNITIES 2024-2025

The **Alonso High School Raven Band** is a dynamic and high achieving performing arts program that emphasizes excellence in musicianship, character, and leadership. We offer a top-quality band experience to benefit our student musicians, school, and local community while striving to keep our band dues affordable.

The **Raven Marching Band** is comprised of over 270 students and staff and continues to grow each year. To maintain this high level of experience and supplement our low school operating budgets, we rely on a vigorous fundraising program and the generous in-kind and sponsorship support of individuals, funding organizations, and corporations for goods, services, and cash donations.

Funds raised through our sponsorship program support our marching season expenses and our special scholarship fund, directly benefiting students by:

- Providing monetary support for band students' annual fees
- Offering scholarships for summer camps
- Providing financial assistance for the annual Spring band trip

It costs a little over \$200 per student to participate in our marching and concert seasons. No child is turned away due to an inability to pay fees. Band Boosters support around \$10,000 each year in unpaid fees through sponsorships.

Our sponsorship levels are available to businesses and parents/families/friends of our band students. Please consider **Alonso High School Band** when reviewing your charitable options. There is no better investment than music education, whose impact on our students will be remembered and demonstrated throughout their lives. All donations are tax-deductible to our registered Not-for-Profit organization, 501©3.
